Dear Dr. D. Murugaselavam Achary Ji,
Namaskar,

I would like to congratulate you for your efforts and hardwork that have made the event- '**Honouring Certemony for RIO 2016 OLYMPIC Participants**'.

You have conducted the program to Honoured & Awarded the participants from Vishwakarma Society. It is very important to acknowledge the youth from the society and encourage them for their achievements and skills in respecticve fields.

Once again, I also thanks to you for your contribution towards the 'Vishwakarma Samaj' or 'Society', especially people across the India, and from different States are getting single platform to present their views and opinions which leads the Vishwakarma Society towards developing society, through your productive ideology.

It is factfully true, lot of person like: Sants, Executives, Advocates, Judges, Doctors, Engineers, IAS, IPS, and others as: Factory Owners, Businessmen & other prominent personalities are available in our communittee, but unfortunately few in numbers are leader or politician from our society due to which we became "**Backward**" of Vishwakarma Communittee in the country.

We know that, in any society- Individuial or a person of the society is backbone.

'**As backbone of our body get strong, the body will be stronger or fit**'. It is also applicable for any society.

You may also join the any political party stronglly or can make a self Political Party, which can be ensure the fundamentals of Vishwakarma society and can improve the living stander of the society.

We are (Vishwakarma), 22% population of the whole country and 9.7% population of carpenter only. Which make sense for any developing society, also leads toward developing country.

At last, I would like to mention that you could have addressed or pay vote of thanks to your audience reached from different state. Neither you have provided your platform to us or any other guest representing from UP.

Here by, I would be appreciate or honored if you will be in touch with us through mobile or letters. So that we can be able to make our society more stable and developed, that can be happen only if we will be move together. *Although I am with you.*

Thanks& Regards,

R. Sharma
